

STAFF REPORT

TO: Parks & Recreation Commission
FROM: Bryce Shearen, CPRP, Parks & Recreation/Community Services Manager
DATE: July 1, 2021
RE: Canadian Days Engagement

Part of the engagement and feedback process for the Pioneer Park Master Plan is to share the design options with the community at the 2021 Canadian Days celebration. This was done in 2017 for the Park System Master Plan and the Parks & Recreation Commission played an active role in interacting with the public to get feedback and providing a positive connection point with the community.

Staff is requesting commissioners discuss the opportunity to volunteer for a shift to “staff” a booth and get feedback on the proposed plan from the community. Commissioners are asked to provide a summary of findings after the event that can be shared with city staff and Bolton & Menk to be incorporated into the final phase of the plan.

Available shifts are as follows:

Saturday, July 31	
10 AM – Noon	Noon – 2 PM
Commissioner:	Commissioner:
